

# 1st Greifswald Biomathematics Mini-Symposium

**When? July 24, 2025, 9am**

**Where: Franz-Mehring-Str. 47, Greifswald,  
Seminar room 1 (ground floor)**

We are pleased to have secured four biomathematicians (three of them graduates of our biomathematics programs) who will present their career paths, their individual journeys into and through biomathematics, as well as their current research as part of the 1<sup>st</sup> Greifswald Biomathematics Mini-Symposium. The first part of each talk is aimed at students (primarily from the field of biomathematics, but students from related disciplines are also very welcome); the second part is intended for an interested professional audience. Everyone is welcome to join this event!

Participation is free of charge, but in order to plan the coffee break, we kindly ask for a brief informal registration.

**Registration:** by July 11, 2025, to [ag-fischer-biomathe@uni-greifswald.de](mailto:ag-fischer-biomathe@uni-greifswald.de)
